

Thank you for helping us unwrap it!

Dear Community Partners,

You are changing lives! Because of your generosity, the Caldwell-Thompson building is providing services to people we support. You have made it possible for adults to have medical needs met in a less stressful environment through our Medical Clinic and a comfortable training environment in our Vocational Opportunity Center. Soon, our Adult Day Care will provide a safe, calm place for a meaningful day. Our center is also providing space to community groups for basketball practice and tai chi classes.

We are excited to have recently received several generous donations which have provided commercial grade equipment for our kitchen so it will be ready to use very soon. However, in order to prepare meals for the children in our Early Learning Center, adults in our Adult Day Care and provide training for adults desiring a career in the food industry, we still need many supplies. These include pots, pans, cooking utensils, dishes as well as tables, chairs and a protective cover for the gym floor so Emory Valley Center and other community groups can hold events in our gym while also utilizing the kitchen.

Our goal for these items is \$25,000.00 and we gratefully request your consideration in contributing a monetary gift toward its fulfillment. You are continuing to help enhance lives of people in our community living with disabilities through your financial contributions.

Thank you for your compassion, we wish you peace and joy this holiday season.

Emory Valley Center
